

Miguel Rivero López

Senior Frontend Developer

miguelriveroloop@gmail.com • +34 690859525 • Barcelona, Spain

PROFESSIONAL SUMMARY

Frontend Lead Developer with a deep focus on frontend frameworks. I'm adept at testing, debugging, and refactoring, ensuring high-quality code and user experiences. My leadership skills are highlighted by my ability to manage and motivate teams towards professional growth, fostering a culture of continuous learning, collaboration, and proactivity.

PROFESSIONAL EXPERIENCE

Frontend Lead Developer

COLLECTIVE MINDS RADIOLOGY • November 2021 – June 2025

- Led Vue 3 + TypeScript development using Composition API, providing technical leadership and collaboration with UX, and shipping a reusable UI components system and design tokens that accelerated feature delivery.
- Set up Vitest + Vue Test Utils with CI; sustained 85%+ coverage and gated PRs to keep quality high.
- Partnered with UX in Figma to implement an accessible, responsive design system (WCAG AA).
- Mentored developers on component architecture, state management, and testing best practices, aligning with the organization's culture of testing and best practices.
- Designed and implemented unit tests for critical Vue components and composables, ensuring functionality correctness and reducing regression bugs in production.
- Demonstrated strong problem-solving and decision-making skills, fostering cross-team partnerships, delivering constructive feedback, and promoting continuous learning. Acted with autonomy and accountability while applying analytical skills to drive frontend excellence and team success.

Frontend Developer

NESPRESSO • June 2020 – November 2021

- Ran data-driven A/B tests with marketing; improved engagement and conversion on key user flows.
- Built accessible, localized UI components reused across markets to speed delivery and reduce rework.

Frontend Developer

CREATIVE HOTHOUSE • January 2014 – April 2020

- Delivered e-commerce and dashboards in AngularJS/Vue using reusable components, routing, and state patterns.
- Collaborated with product/design to ship responsive features that improved usability and delivery cadence.

CORE COMPETENCIES

Frontend Development: Vue 3 (Composition API), TypeScript, JavaScript (ES6+), Component Architecture, State Management

Build Tools & Performance: Vite, Webpack, Performance Optimization, Bundle Analysis, Code Splitting

Testing & Quality: Jest, Vue Test Utils, Vitest, Unit Testing, E2E Testing, Test-Driven Development

UI/UX & Design Systems: Figma, Storybook, Responsive Design, Accessibility (WCAG), Design Tokens, Component Libraries

Development Practices: Agile/Scrum, CI/CD, Git, Code Reviews, Pair Programming

LANGUAGES

Spanish (Native), English (Professional Working Proficiency)
